

Volunteers Needed for Research Study for Caregivers of Deaf/Hard of Hearing Children

Volunteers Wanted for a Research Study

Preferences of Caregivers to children who are D/deaf or Hard of Hearing for Social Supports

You are invited to participate in this survey about social support service preferences of caregivers to children who are D/deaf or hard of hearing. I am interested in finding out what caregivers are looking for in regards to social supports to better aid audiologists in understanding the needs of their clients.

You are able to participate if:

You are over the age of 18 years old

Report that you are a caregiver to a child who is under the age of three and is D/deaf or hard of hearing

This survey does not involve any risk to you other than the potential to experience brief moments of stress or emotional strain when recalling your experiences with and thoughts on support services for caregivers of children who are D/deaf or hard of hearing. However, the benefits of your participation may impact society by helping increase knowledge about the preferences for support.

Participants will have the option to receive \$10.00 in the form of an Amazon Giftcard for completing the survey.

To learn more about this research, please feel free to contact Torri Ann Woodruff, M.S. at torri.woodruff@gallaudet.edu.

This research is conducted under the direction of Drs. Kathleen Cienkowski, Ph.D. and Claire Marcus Bernstein, Ph.D.
