"This institution is an equal opportunity provider."

Good Luck, Tigers!

Mason-Dixon Basketball Tournament

January 24-27 at North Carolina School for the Deaf

Games livestreamed at ncsd.mdsports.org and on NCSD's Facebook page

Good Luck, Tigers!

RIT/NTID Middle School Math Competition January 26-28 at Mann Middle School, Florida

Academic Competitions

GSD students will participate in two academic competitions for Deaf and Hard of Hearing students. The Middle School Math Team travels to Florida this week to test their math skills against students from all over the southeastern United States. The competition is hosted by RIT/NTID University. The High School Academic Bowl Team will travel to the Atlanta Area School for the Deaf to match wits against other schools from around the south on February 23rd. The competition is hosted by Gallaudet University. We wish both teams good luck!

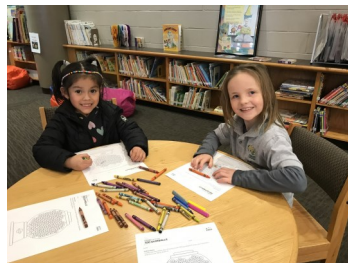

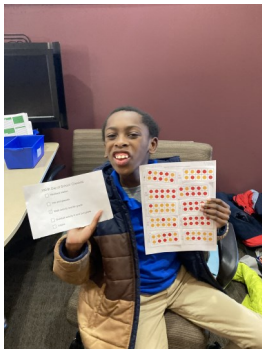

Math Team (above): Jose Brito (8th), Xander Harper (8th), Aaliyah Newsome (8th), Zaida Perez-Jacobo (6th). Not pictured: Coaches Tiffany Pauling-Brown and Jillian Carper-Craig

Academic Bowl Team (right): Back row: Kendrilyn Landenberg (9th), Anthony Heredia (9th), Yovanni Morales-Romero (11th), Santos Castanon (12th). Front: Coach Marie Dickinson. Not pictured: Coach Cory Richardson

100th Day of School!

It is hard to believe, but last Tuesday marked the 100th Day of School! The elementary department had a great time with many fun activities related to the number 100. They did activities involving the number 100 and made 100-themed crafts. Awesome!

Upcoming Events

- 1/24-27 Mason-Dixon Basketball Tournament at NCSD
- 1/26-28 Middle School Math Competition in Florida
- 2/2 Mid-quarter 3 (progress reports)
- 2/2 Groundhog's Day
- Saturday, 2/10 HOMECOMING vs SCSD
- 2/23-26 Regional Academic Bowl Competition at AASD

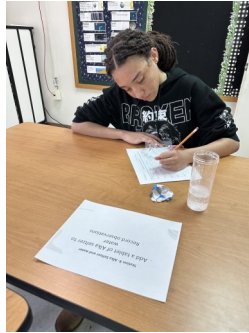

Physical and Chemical Changes

Eighth graders in Sydney Boucugnani's science class did a lab that examined physical and chemical changes. Physical changes do not produce a new substance. Chemical changes result in the production of a new substance and cannot be reversed. Check out the videos on our socials!

Jose added baking soda to a lemon, causing a physical change.

Left: Jo added Alka Seltzer to water, causing a chemical change.

Right: Itzel's Skittles lost their color when placed in water—a physical change.

Math Facts Challenge

Congratulations to Braydence and Noah for passing Math Facts Challenges! Braydence passed the Addition Facts Math Challenge. He has passed addition 0-10 facts and is now working on his 0-10 subtraction facts. Noah passed the Subtraction Facts Math Challenge and is now working on his 0-10 multiplication facts. Braydence chose a \$10 gift card to Dollar General as his reward, and Noah chose a meal from a restaurant in Cedartown. Great job to both of these students! Keep it up!
